

Laundry Room/Cycle Store

This building is adjacent to the car park and is kept locked at all times, (you will be handed this key with the cottage key). One step into building (10cm)
Inside is a commercial size washing machine, commercial size tumble drier which require tokens (£2 each to be purchased at the farmhouse)
A deep freeze (shared use), recycling boxes, information board and additional file for walkers and cyclists.
Families may leave their pushchairs in there if they wish.
Rotary clothes line outside.

Grounds and Garden

Please see the introduction as I have described a lot already.
The car park on one side is next to one of our fields where we grow crops, in 2009 oilseed rape will be growing there.
In previous years we have grown thatching straw and guests have enjoyed watching "farming from a bygone age" as we harvested this.
There is a B-B-Q (shared use) to the right of the steps on the upper level of the garden, Cyder House side. The B-B-Q tray is stored in the laundry room where after use it is to be cleaned and returned.
The cottage driveway has a 5 bar gate and is to be shut at all times. Provided this is so children may play on the lawned area of the cottage driveway.

Please feel free to walk to Silverlands Lake, just follow the track opposite the cottage driveway. You can watch anglers fishing for carp or watch the wildlife.

If you wish to have a look around Wick Farm to see the barn, horses, hens please arrange this with us.

Additional Information

Mobile phone reception may be poor (depending on your network). We believe this is due to the thickness of the outside walls.
We Have Broadband wireless connection in the farm office and this has enabled guests in both cottages being able to use there laptops for the internet.
There is an information folder in each cottage which explains most of the things guests are likely to need.

We are open all year
Short breaks minimum 3 nights (Oct-Easter), except Christmas and new year (weeks).

We welcome your feedback to help us continuously improve,
if you have any comments please phone: 01249730244 or e-mail: thecheeseandcyderhouses@gmail.com
